## Setup-

## Special Scenario Rules-

1. Come To The Dark Side Whenever a Slasher slays a victim, instead of placing the victim on the monster's card the Slasher's controller may choose instead to remove the victim from the map and place a Slasher Minion token from outside the game in an empty space adjacent to the slayer. The minion is friendly to the slayer's controller. Victory points are still gained for slaying the victim, but the Slasher does not become blooded.
